## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

1. Claims 1-2, 5, 6, 15-17 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Eschweiler, Jr et al as discussed in paragraph 2 of the previous office action. Eschweiler, Jr et al show a housing with a first and second fold plate 54 with a removable plate 12, 14 disposed in the housing. The first and second fold plate 54 appear to be permanently welded to the housing. It appears that there is a first and second quick coupling mechanism to release the first and second removable plates. The limitation "fold" plate is interpreted structurally to be a plate. The "fold" limitation is merely the functionality of the plate. The examiner notes that while features of an apparatus may be recited either structurally or functionally, claims directed to an apparatus must be distinguished from the prior art in terms of structure rather than function. See *in re Schreiber*, 128 F.3d 1473, 1477-78, 44 USPQ2d 1429, 1431-32 (Fed Cir 1997).
2. Claims 24-25 are rejected under 35 U.S.C. 103(a) as being unpatentable over Eschweiler, Jr et al as discussed in paragraph 4 of the last office action
3. Claims 7-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Eschweiler, Jr et al in view of Bluthardt et al as discussed in the previous office action.
4. Applicant's arguments filed 5/2/2005 have been fully considered but they are not persuasive. Examiner is interpreting the claims in a broad context. Furthermore, the limitation "fold" is merely a functionality of the plate as claimed and examiner maintains position set forth supra regarding functional limitations in structure claims. Lastly, the

plate 54 in Eschweiler, Jr et al reads on the structure as claimed and it is part of a folding operation, so the plate 54

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
